

Karthik Rao

Machine Learning Engineer

karthik.rao@example.com · +91 91120 33445

github.com/karthikrao · leetcode.com/u/krao

Technical Skills

Python, Machine Learning, TensorFlow, PyTorch, Pandas, NumPy, SQL, Scikit-learn, Git

Experience

ML Engineer — RiskSense (2020–Present)

- Built real-time fraud-scoring models (TensorFlow) on transaction streams. Reduced false positives 22% with a gradient-boosted ensemble.

Projects

Fraud Anomaly Detector — Online learning model flagging anomalous payments in <50ms.

Education

M.Tech, Data Science — IIIT Hyderabad, 2020
